## Consultant (m/f/d) Transaction Services & Private Equity

We are looking for new members for our Transactions Services and Private Equity (TSPE) team. Join our diverse, ring-fenced team with super-fast growth, managed like a startup. Achieve and celebrate success together and enjoy ideal framing conditions and a dedicated support setup. We offer a unique “team deal” for TSPE, allowing you to play in the high-end market while still caring well for yourself and colleagues. You will be surrounded by high-performing humans with brain and heart.

**Office:** Bonn, Berlin, Cologne, Frankfurt, Hamburg, Munich

### What makes us special:

- Advance your career with exciting professional opportunities in our thriving company with a startup feel
- Add to your experience with our projects that focus on growth, have a positive impact, and truly matter
- Voice your unique ideas in a corporate culture defined by our entrepreneurial spirit, openness, and integrity
- Broaden your perspective with our extensive training curriculum and learning programs
- Speak your mind in our holistic feedback and development processes
- Satisfy your need for adventure with our opportunities to live and work abroad in one of our 42 offices
- Enjoy our benefits, such as hybrid working, daycare allowance, corporate discounts, and wellbeing support

### How you will create an impact:

- Support leading mid- and large-cap PE players as well as strategic investors across Europe to make the right investment decisions
- Become a thought leader and drive topics relevant to the M&A community and society in general
- Apply creative problem-solving and strategic thinking on national and international consultancy projects
- Build and use your quantitative and qualitative analytics toolkit
- Execute comprehensive data analysis and turn this into actionable insights
- Develop and present solutions and recommendations for our clients
- Take your chance to make your mark by rethinking and building a new, scalable platform for transaction work – select “your” topic of choice and make a lasting contribution

### About you:

- You bring above-average student performance (any subject with a focus on business/finance, technology, psychology, engineering, or science)
- Your first work experience or internships in consulting or private capital markets (e.g. Venture Capital, Private Equity, Investment Banking) are a strong plus
- You might have a special focus or strong interest either in market analysis, financial/business plan analysis or ESG-related topics
- You bring fluent business English and German (written and spoken) and proficient knowledge of MS Office
- Your strong analytical skills and an eye for detail, conscientious and dynamic attitude, as well as excellent communication skills
- You are highly intrinsically motivated and look for a profession with the highest possible learning curve
- You value structure and are satisfied only with excellent quality results

If you're interested and you'd like to support our team with your expertise, experience and commitment, we are looking forward to receiving your application: [talents.simon-kucher.com](https://talents.simon-kucher.com)

### No one drives growth like we do.

We help our clients grow their revenues and profits – faster, better, and more sustainably than anyone else. We do this by optimizing their monetization, pricing, sales, and marketing strategies.
